SAPC 18024

Copy 1 of 7

1 August 1957

MEMO : For the Record

SUBJECT : Film Requirement for September 1957

TO : Addressee

1. Reference is made to Memo dated 29 July 1957 Subject: Operational Film Requirement (July-August-September) SAPC 17951 and conversation with [ ] on 30 July 1957.

25X1

2. No film will be manufacture by EK for September Project operational purposes. This decision was made on the basis of:

A. SAPC 17951 reduced requirements

B. [ ] statement that only EWP and anticipated consumption should be considered.

C. Substantial stocks (with one exception) on hand at the Detachments, Rome and EK.

D. Appreciable film available from FOG stock pile. [ ] indicated via telecon 31 July 1957 that we can draw from FOG stocks.

3. Immediate steps were taken by [ ] to inform EK that 22 rolls of O-2-4000 and 12 sets of Tracker film were to be consigned from FOG to us. Project Materiel Officer will direct movement of this film.

4. The following film is available for immediate shipment.

T-2-1000	65 sets (Includes 12 sets from FOG) (At Rome & EK)
P-3-390	23 rolls (At Rome)
O-1-1800	159 rolls (At Rome)
O-2-4000	22 rolls (Transferred from FOG) (At EK)

~~SECRET~~

0-2-6000  
0-5-4000

20 rolls (At EK)  
3 rolls (As of 25 July 1957)  
(At EK)

Note: No film of any type will be manufactured for use in either August or September.

5. In the event additional quantities of 0-2-4000 or other types of film are required it may be obtained from two possible sources.  
1. FOG stocks. They have 140 rolls to be delivered by September.  
2. Some of our 96 rolls of 0-5-4000 may be converted to 0-2-4000 or 0-2-6000. Immediately after Ed Green returns from the West Coast this facet will be investigated.
